HANDCRAFTED SINCE 1909

The Morgan Motor Company provides a fitting antidote to mass-produced automotive manufacturing, bringing with it an exceptional mix of traditional craftsmanship and appropriate modern technology. Famous the world over for its unique blend of craft, heritage and pure driving experience, the Morgan Motor Company has been manufacturing quintessentially British vehicles in Malvern, UK, for more than 110 years. Passed down through generations, the same craftsmanship skills that were integral during the founding of the Morgan Motor Company in 1909 are as alive today as they have ever been.
